Heart On *Fire*TM

Hello
sweet friend,

I am so proud of you for owning your commitment to seek a more fulfilling life that truly supports your soul. You are about to design your life in living color, and there is no need to wait. You know how I know? I was you just a few short years ago.

I have a lifetime of experiences just like yours, so I know what you are feeling, what you are afraid of and how you can overcome the fear and move forward. I have been given opportunities I seized like the one I am about to show you. I know, and I want to help you like I have been helped.

My five-step Heart on FireTM process will help you uncover the desires of your heart, learn to love yourself, come to witness this life you have created, declare your dreams, and make a plan to go after them all with the support of a nurturing community of women just like you that are doing the same thing.

How awesome would that be?

My proven five-step Heart on FireTM process will get you to the point where you will make decisions quickly and confidently to start living your life right now step by step with coaching from me and support from our tight community.

LET'S SEE IF YOU ARE READY?

design
YOUR LIFE

Think about the experiences you have collected over your lifetime and write down 25 of them. Write if it affected you positively or negatively.

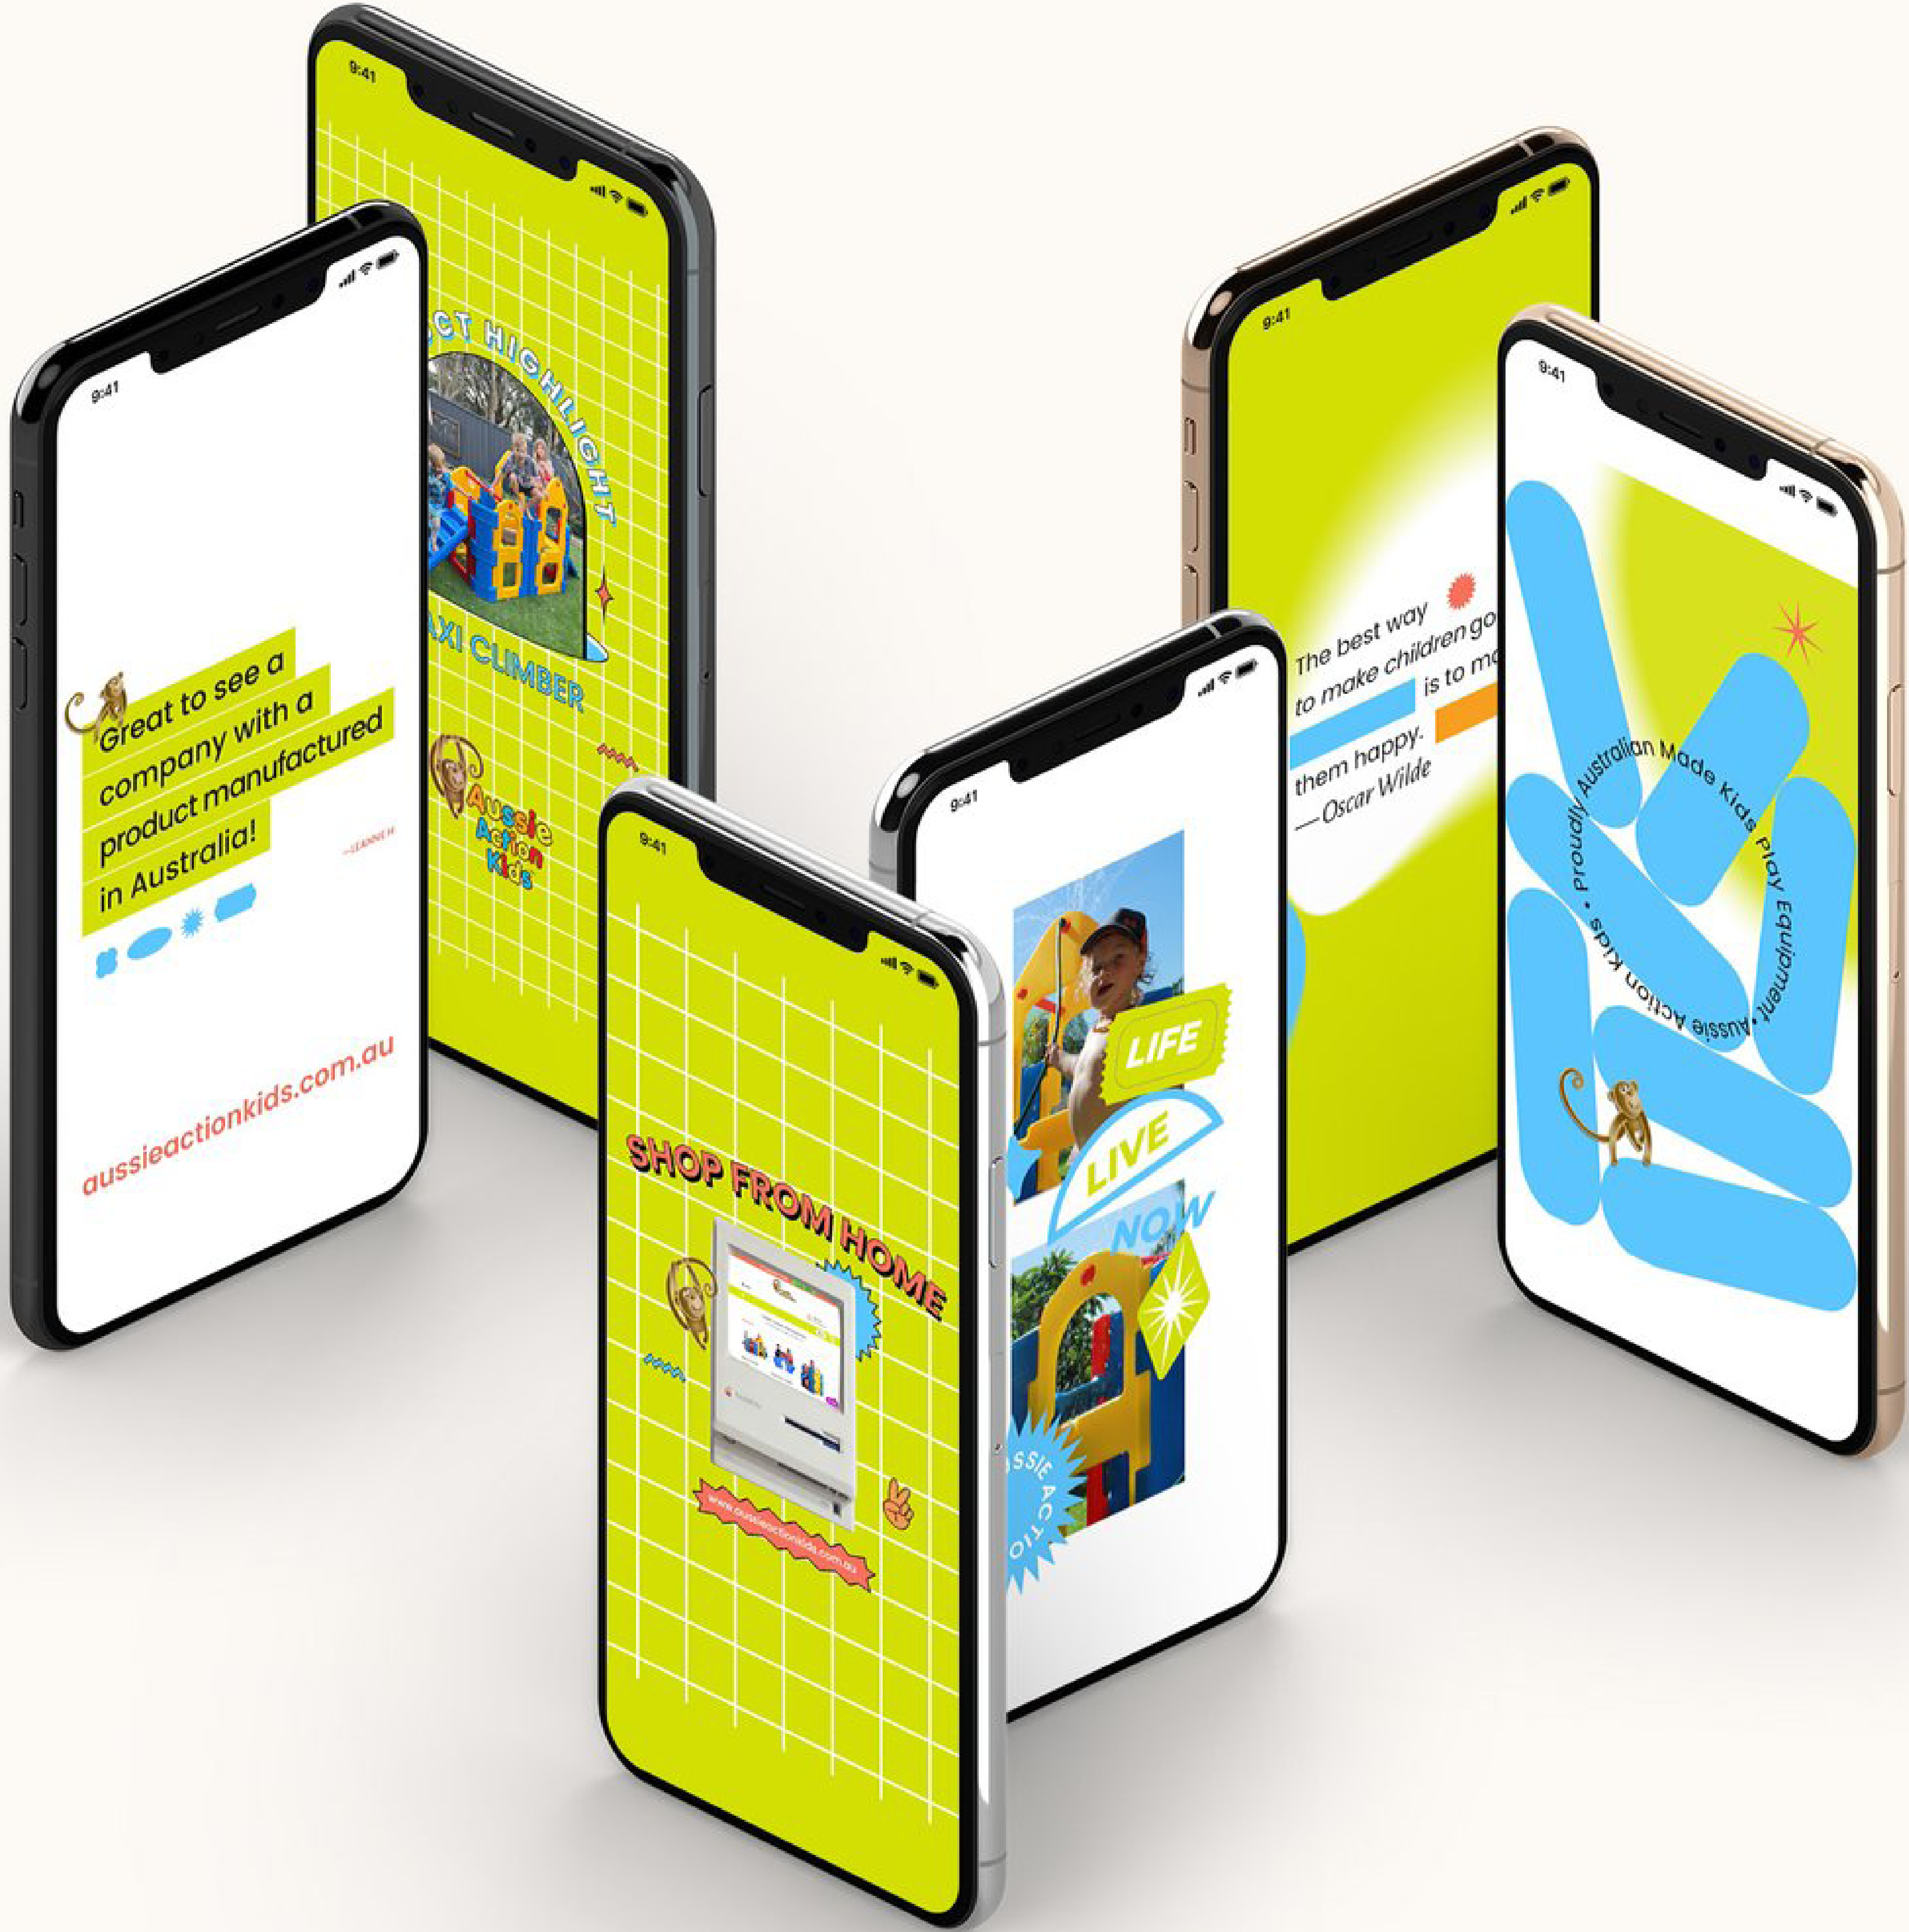

Then take a moment and feel. Feel yourself looking at that list. Really feel it.

Pick one word to describe these 25 experiences as a collective. Write it at the top. Take another moment. Pause.

Then - flip the page over or grab a new sheet and at the top, write a word that you want your next memories to reflect as a collective.

A descriptive word that will describe the memories you will have next year.

What do you want your life to be remembered as?

Boundless
Foundation

The image shows a white ceramic mug with a teal-colored logo and text. The logo consists of two stylized leaves or petals above two small circles. The word "Boundless" is written in a serif font, and "Foundation" is written in a cursive script font below it. The mug has a simple, rounded handle on the right side.
